RE: Certification of Support for Rural High-Cost Carriers Pursuant to 47 C.F.R.
Sections 54.313-314, CC Docket Nos. 96-45 and 00-256 and Annual State
Commission Rate Comparability Review and Certification for Areas Serviced by
Non-Rural Carriers

The New Hampshire Public Utilities Commission hereby certifies that pursuant to notarized affidavits received from rural carriers in New Hampshire, all federal high cost support provided in this state will be used only for the provision, maintenance, and upgrade of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act of 1934, as amended. This includes High Cost Loop support, Local Switching Support, High Cost Model support, Hold Harmless support, and high cost support received pursuant to the purchase of exchanges.

Attached is the list of rural carriers certified by the New Hampshire Public Utilities Commission pursuant to sections 54.313 and 54.314 of the FCC's rules (47 C.F.R. §§ 54.313, 54.314), which require states to establish an annual certification process for rural and non-rural carriers receiving federal high cost support. Non-rural

carriers do not receive high cost support in New Hampshire. As requested by the Universal Service Administrative Company, listed beside each carrier is its assigned study area code.

Additionally, in accordance with 47 C.F.R. § 54.316, the New Hampshire Public Utilities Commission hereby certifies that the residential telephone rates charged for service as of July 1, 2011, are reasonably comparable to urban rates nationwide. In its *Order on Remand, Further Notice of Proposed Rulemaking and Memorandum of Opinion and Order* released in the above-referenced docket on October 27, 2003¹, the Federal Communications Commission established an annually-adjusted nationwide rate benchmark as a "safe harbor." Based upon the "safe harbor," rates in rural, high-cost areas that are below the benchmark are presumed to be reasonably comparable to urban rates nationwide. The residential rates in rural areas served by FairPoint Communications, the non-rural incumbent local exchange carrier operating in New Hampshire, are below the current nationwide urban benchmark of \$36.52, and as such, fall within the safe harbor afforded by 47 C.F.R. § 54.316(b).

If additional information is required, please contact the Telecommunications Division at (603) 271- 2431.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra A. Howland".
